

BX 2 Piece HST Fan

This orange HST fan fits all Kubota BX tractor models. This fan replaces the Kubota white hydraulic fan that is attached to the drive shaft, and is a direct replacement for Kubota part no K2561-14250 .

It has an improved design that allows for easy replacement without splitting the driveshaft on the tractor.

Made from PETG plastic. It is a 2-part design with a 2-part locking ring.

Supplied with all parts including bolts with nyloc nuts for the locking ring.

Your fan also comes with a complete installation manual.
